Rhif/No.2 C19 Special - C19 Arbennig September/Mis Medi 2020

With the restrictions tightening up as we approach Autumn it seems increasingly unlikely that normal meetings will resume in the near future. In the meantime we need to keep in touch. Many thanks to the few members who contributed items for this 2nd special newsletter. All contributions will be gratefully received.

IF YOU COME INTO THE STORE WITHOUT A MASK WE WILL HAVE TO TAKE YOUR TEMPERATURE!
P.S. WE ONLY HAVE RECTAL THERMOMETERS!

Police: Why Didn't you report your stolen credit card?
Man: The thief was spending less than my wife

Thank you Kevin & Mary for these three.

In other news ... The Seven Dwarfs have been advised that as of today, they can only meet in groups of six. One of them isn't Happy.

Green Fingers?

Morfydd has been busy gardening.

I ordered some stuff from the garden centre and it came with extras. I have been delighted with the produce. A full garden of veg. Cabbage broccoli, beetroot, beans, rhubarb, courgettes, tomatoes, lettuce chillies and peppers arrived with an extra which is a cherry tree (edible) and a blueberry bush with berries to ripen. With my flower order. All been planted by Owen and Helen and are growing like mad! Eating lettuce all the time and cucumber amazing I shall be selling at the gate soon.

A Joke. A chap driving along the motorway spotted s blue flashing light on his tail he put his foot flat down on the accelerator, 70 80 90. Eventually the police pulled him up. They asked why did he speed up. Replying he said "my wife ran away with a police man and I thought you were bringing her back"

Thank you Morfydd

Beverley & Tony sent this report from Italy.

Greetings from Italy to where we have managed to escape and are now on our third week. We have had a great time in Calabria where we stayed in Reggio and Tropea and we are now in Minori.

Tony and I have been travelling around by train. You cannot sit in certain seats and these are indicated by red stickers. You also have to wear a mask. The flight was also great. We have never seen such a clean BA plane! The staff were nicer than usual as well and gave us loads of water and free crisps!

In lockdown it was just the usual gardening, tv- we watched a lot of films, discovered that the takeaways from the Mela were lovely....!

Some humour by The Two Ronnies – from Huw.

Later tonight we'll be meeting ... Mr Dai Evans, inventor of the Welsh Boomerang. It doesn't come back but it sings about coming back.

In the sketch that follows ... I shall be practising for the Eisteddfod and also for the Lowsteddfof.

We've just heard a heart warming story of co-incidence. Mrs Fanny Hughes was born on the 15th of the month, christened on the 15th, met her husband-to-be on 15th, married on the 15th and spent her 15 day honeymoon in room 15. Now she has run off with the Aberafan Rugby Team!

I'm just going to Nannas ... haven't seen her for over 2 months... what's your problem...😞

Many of the “older” members will remember Rita telling her story about being an evacuee from London to Gwaun-Cae-Gurwen. This poem says it all.

Wales welcomes the evacuees

Come have a cwch, the Welsh lady said,
As the child stepped off the train with dread.
A scared evacuee, alone and so small,
Travelled to Wales, as the country answered a call.

These Welsh families opened their homes, and their heart,
To children whose world had fallen apart.
Offering a bed, food and a safe place to stay,
Away from a place where the bombs came to play.

These children came from cities, a slum,
To a land so green, and never glum.
They were able to play and laugh and learn,
Without seeing disaster at every turn.

They learnt welsh in the valleys that seemed so lush
Even though sometimes their new homes weren't very plush
They met bampi, and mamgu and people named Dai,
And run up those beautiful hills so high.

When the war was over some of them stayed,
Feeling at home in those valleys they played.
When others left on trains back to home,
They shouted 'Cymru am byth' for the land free to roam.
